

Student Wellness

As part of our core SIS offering,
our Wellness Center helps
educators focus on the whole
student - not just their
academics. Configurable service
settings and activity tracking help
districts focus on social and
emotional learning.

Contact info@myaequitas.com for more information

With Wellness Center, teachers and administrators aren't just preparing students for exams, but setting them up to excel in all areas of life.

Track Visits & Activities

Administrators can easily track activities, like site and home visits, and referrals to community agencies.

Configurable Services

Districts can configure services and items provided to students, contacts, or other household members.

Wellness Reports

Staff can quickly run reports to gain a better understanding of services provided to students.
